

Encouraging a Lifetime of Active Learners

The Connection Preschool welcomes children and families from all backgrounds and abilities. Our classroom and schedule are designed to keep children engaged in their learning which includes frequent transitions throughout the day. If your child has received early intervention services, has been referred for services, and/or had or has a one-to-one therapist or paraprofessional, we require a meeting with The Connection Preschool teachers, the parents, and the BCBA from the child's program. Please note that we do have space constraints for additional adults in the classroom.
